

Meet Your Candidate

Cindy Hornsby

From a very young age, the mindset of "others first" was instilled in me by both my parents. They modeled the importance of servant leadership and giving back to their community. As a result, when I became a Realtor® 18 years ago, I made an unwavering commitment to be personally involved in my local association. Eventually, I recognized the need to extend my service to the state level. I currently serve on the VAR Board of Directors (2024-2026). In addition, I have served VAR as the chair of the Risk Management Committee, chair of the Standard Forms Committee and chair of the RPAC Disbursement Trustees Committee. Prior to joining BTVAR as a member, I also served SWVAR as it's President and was on their board of directors. My years of experience, my love for this industry, and my long-standing commitment to both the local and state association are proven. I am a Golden-R multi-year RPAC major investor.

On a personal note, I am a native of Abingdon, VA and a graduate of James Madison University in Harrisonburg, VA (GO DUKES!). I also hold a master's degree in counseling. I recently became certified in trauma and grief counseling and traveled to Africa where I provided counseling to the local churches in Tanzania. I am genuinely blessed to have been married for 37+ years, and I am a very proud mom of two amazing kids, now adults.

I believe that an effective leader must be creative, open minded and decisive. As a BTVAR board member, I will be solution focused in 2025 helping to move our association through the next 12 months of unparalleled challenges. I am committed to being an advocate, a voice and a board member that will passionately lead BTVAR on behalf of its members. I promise to do this with strength, understanding, integrity and wisdom.
